SUGGESTED ZOO SIGNAGE

THANK YOU ALL CREATURES GREAT and SMALL for SACRIFICING YOUR FREEDOM so that we can get to know you better and UNDERSTAND your PLIGHT in the NATURAL WORLD.

This Zoo is a metaphor for what is happening in NATURE - animals and plants are being reduced to small numbers and living in small spaces all over the earth, mostly because of the numbers and actions of humans.

We are committed to helping RE-WILD half the EARTH by 2050, re-storing and protecting the Earth's diverse species and natural processes (with science at the core and a moral obligation to the rest of life at its heart).

WILDNESS = AREA DARKENED

"The BIG PICTURE CURVE"

A very LARGE GRAPH - long, long, long, (hundreds of feet if possible) ordinate = time (last 2,000 years),

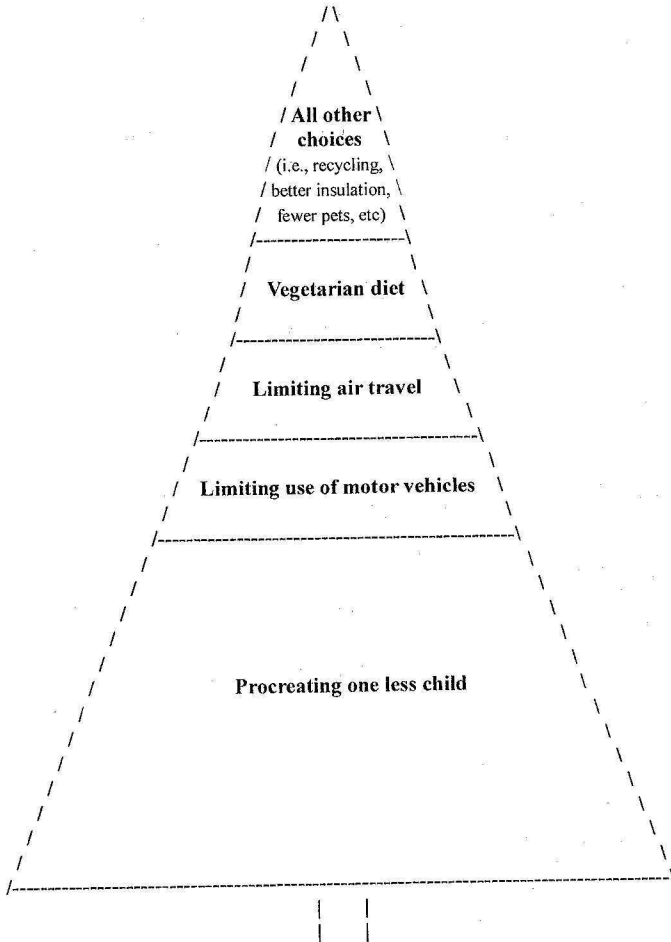

and the abscissa (10 to 20 ft high) showing all the same below = (relative curve):

human population, loss of wild homes, species extinction, levels of pollution, resource consumption, etc.

“SHARING the earth with all of NATURE requires AWARENESS and CHOICES for EVERYONE.”

“The GIVING TREE”

The RELATIVE EFFECTS of OUR PERSONAL LIFESTYLE CHOICES
on HELPING to PRESERVE NATURE

Interpretation – for example, just *procreating one less child*, has the same positive impact on *PRESERVING NATURE* as all the other things one might do over a lifetime combined.
